# THE BIG STORE LIME

We have secured the Agency for the best ground Limestone made, and will take pleasure in talking to our Friends and Customers about this lime, and what it will do for your land.

Experts from the Government tell you that Lime is the cheapest and best thing you can use. It brings out the Potash that is in the soil, and as we cannot get Potash it looks like it will pay any one to use Lime this Fall.

This Lime is very finely ground, which is much better than a coarse ground Lime. We could have gotten a coarser Lime for less money, but you do not get as quick results with coarse Lime. Call and see us for prices.

## The S. M. Jones Company

### THE EXEMPTION BOARD IS PASSING ON CLAIMS

Several Claims For Exemption Are Not Allowed—Board Working Hard.

The Chester county local exemption board has been busy for the past few days passing on the numerous claims filed for exemption during the past fifteen days.

One does not realize the amount of work involved in the passing of the claims unless he happens to see the board going through the various affidavits. Each affidavit must be thoroughly gone over as well as the physical examination papers.

Below will be found a list of those whose claims for discharge have been allowed. Those whose claims are not allowed will be instructed at a later date to report in Chester from which place they will be sent to the nearest army stationment for intensive training.

The board has not yet completed the work of passing on all claims but expects to get through by Saturday evening.

Pershing Film HAS ARRIVED

"Pershing in France" the special which we advertised would be shown yesterday but failed to arrive, arrived this morning and will be held over and shown Saturday together with the usual Saturday show and at the usual admission.

We are very sorry that this disappointment occurred but it was absolutely beyond our control. We did everything possible to locate the picture and finally got it here on the long distance phone late yesterday evening and they said, "We simply a bone-headed stunt on their part. They failed to ship the film, but it is here now and will be shown Saturday at 8 and 10c."

DREAMLAND THEATRE.

IF YOU are troubled with dandruff, itching scalp, and your hair coming out, use Meritol.

HAIR TONIC on your guarantee that it will give you relief and satisfaction or "money refunded. Sold only by us, 50c and \$1.00. Shalder Drug Co., Chester S. C.

## LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 Year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I must give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the head aches were soon relieved with a few doses of Black-Draught."

Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, at times need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lax liver, etc. You cannot keep well unless you keep your liver and bowels in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. You feel fresh, energetic, as a new man. You will feel fresh tomorrow. Price 25c. in packages—One case a dozen. Each case is sent right with a few

## CHANDLER SIX

### Do You Know Why More People This Year Are Buying The Chandler Six Than Are Buying Any Other High-Grade Car?

### Do You Know Why in Four Years' Time The Chandler Has Passed and Left Behind, One by One, a Long Line of Other Well Known Cars?

There are perhaps several reasons, all of which would appear very clearly if you had the opportunity or took the time to analyze the history and business policies of the automobile industry. But there is one big basic reason which to you as a motorist is the essential reason, and that one reason is this—that ever since the first Chandler car was designed and built and marketed four years ago last month, the Chandler has offered the finest of design, construction and equipment at the lowest possible price.

The Chandler today offers this excess of value, this dependability of service, just as distinctly as at any time in the four years past.

It took some little time, of course, for a great part of the motoring world to pin its confidence to this newcomer. Men recognized, indeed the whole trade recognized, that a new type of car which must make large appeal had come into the market. The trade knew that it was the product of men who knew motor building and general motor car design and who were experienced in the best manufacturing practices.

Still—and remember this was more than four years ago—the trade said a newcomer could not win out.

Nevertheless, there were a few hundred Chandler cars manufactured and sold in those months of the summer and fall of Nineteen-Thirteen.

And how distinctly the Chandler

has won its place in the very front rank of fine motor cars is reflected in the Chandler sales records of Nineteen-Fourteen, Fifteen, Sixteen and Seventeen.

Month by month and season after season thruout these four years the Chandler has moved forward and forward, until today its leadership could hardly be questioned.

Your own observation of high-grade car service in almost any market in America would show you clearly how surely the Chandler has come into leadership.

This leadership has been built on the Right Car at the Right Price. Back in 1914 men were very generally inclined to recognize that the Chandler was the right car at the right price and about two thousand of them had the courage to make sure of their convictions.

Those two thousand won thousands more to their convictions, so that in the year following nearly seven thousand men chose the Chandler for their car.

And the car went on making friends by its performance in the hands of these owners.

The whole country marveled at this wonderful motor, at its power, its flexibility, its life and get-away, and its endurance. The whole Chandler chassis came to be recognized as a great mechanism.

So last year, 1916, it was hardly surprising to those who really knew the Chandler that more than thirteen thousand motorists chose this

car for their car, more than twice as many as had chosen it the year before.

And now comes 1917, a year of some stress for all trades, a year above all years when the real worth in merchandise counts most. And what is the motoring public's answer in its discussion of high-grade cars? What is its answer in discussion of Sixes most particularly?

From coast to coast so far as our available records show, the Chandler is preferred above all other medium-priced cars, above all other high-grade cars.

Our own sales records show an increase of better than 55% in the first six months of this year as compared with the first six months of last year.

Records of registration of new cars, although available in only a few typical sections of the United States, indicate a tremendous public preference for the Chandler over all other cars in its field, in some instances as much as a two-to-one preference.

We realize that in some isolated instances, because of peculiar trade conditions, some other car may lead, but in the great markets where men have the choice of all makes of cars, where every kind and type of car is represented, sold and owned, motorists indicate their preference for the Chandler, and prove their confidence in the Chandler, by choosing the Chandler. Chandler leads because, starting

with the right type of car, the Chandler Company has stood firmly by this type of car. It has continued to develop this car thruout these four years until today it approximates perfection in construction and performance.

We cannot convey to you in the printed page any full conception of the superiority of the Chandler motor, but any one of nearly forty thousand Chandler owners could put you alongside him at the wheel and show you Chandler superiority.

We would be more than pleased to show you this superiority; we would be more than pleased to make clear to you the excellence of the Chandler car in all its details.

We would like to show to you what it means in satisfactory road performance that the Chandler motor is equipped with Bosch High Tension Magneto as is the Pierce-Arrow, Marmon, Locomobile, Winton, White, Stutz and the Mercer; what it means to you that the Chandler car is built with a big solid cast aluminum crank case extending from frame to frame and giving absolute rigidity to the motor mounting; that it is equipped with silent chains for driving the motor shafts and with annular ball bearings in transmission and differential and rear wheels.

We would like to show to you what these items of design and equipment and many others, typical of the highest priced high-grade cars, mean to Chandler performance.
